## Corowa Distilling Co. Corowa Characters Release

### August's featured whisky

Corowa Characters pays homage to the four “lads” who make up the production team at Corowa Distilling Co in Corowa NSW. They are very serious about producing a world-class product with a cheeky attitude that doesn't take the industry, or themselves, too seriously.

This whisky is a combination of American, French, & Hungarian wine casks that have come together to produce a very approachable, flavoursome drink at a very attractive price point for an Australian single malt.
